e-Track.

The Drop and Collect System

The Drop and Collect system provides a secure and automated way for customers to drop off and collect keys without staff intervention. Each compartment is individually secured and accessed via PIN, RFID Card, Biometric Fingerprint, or QR code, with every transaction automatically logged in the e-Track software. Designed for convenience and accountability. The Drop and Collect integrates seamlessly with existing e-Track solutions to deliver a fully connected key and process management solution.

System Measurements

Systems	Keys	Height (mm)	Width (mm)	Depth (mm)	Weight (kg)
Master Unit	8	620	531	150	31
Extension Unit	16	620	531	150	33

Technical Specifications

Features	Detail
System Materials	1.5mm Mild Steel
Colour	RAL 7016, Anthracite Grey
Door Type	Solid Steel
e-Fobs	RFiD, Lockable Self Serve
LEDs	Multi-Colour
Operating Temperature (°C)	-10 to max +60
Power Supply (v)	110 - 240
Max Power Consumption	4 Amps
Battery Backup (<4 Hours)	5.4 Ah Lead Acid
System Access	PIN, RFiD, Fingerprint, QR Code
Interface	10” Touchscreen Display
Users Per System	10,000 Per Application
Communications	Ethernet, WiFi, 4G
Mounting	Wall Mounted
Manual Override	Mechanical & Electronic
Warranty	12 Months
Standards	CE, UKCA & FCC
